Warfield Church 20s and 30s ministry

We are Warfield Church twenties and thirties group. We want to be able to connect to one another, encourage each other and meet people who are in similar stages of life.

Whether you are single, married, have a family, a recent postgraduate or whichever stage of your career you are at, you are most welcome!

We hope to connect people together who have been or are in similar stages to you and therefore will understand your life's circumstances.
