**Dear Friends and Partners,** **1st October 2026.**

**Greetings to you!**

I trust in our Lord that you are well by His grace and mercy. I want to take a moment to share with you some of what the Lord has been doing through ACC in recent months. There have been both challenges and blessings, but through it all, we have experienced God's grace and faithfulness. Through your prayers, encouragement, and partnership, we have been able to continue serving children, families, women, and young people who need support and hope. We are grateful to share this journey with you and to celebrate together the lives God is touching through this ministry.

**Children's Home: Empowering the next generation…**

We have 18 girls, from ages 4 to 17, in our care. They are doing well, apart from viral flu and colds, which most of them have caught one by one. They achieved good grades in their first terminal exams and are now preparing for their second exams.

Sharisma and Kanchan, who have completed their school level, are now enrolled in Management studies, with computer studies included. They have built confidence in travelling by themselves on the local bus in the morning. In the evening, they help with homework for the younger ones and also volunteer in our evening computer lab at the church.

*Birthday Celebration 2026*

We praise God for His grace in our home. We truly appreciate each sponsor and yearly supporter for standing with us in our shortcomings. Our new member, Barsha Lama, has settled very well at home

and at school. She receives much attention from the others as she is the youngest.

Please continue to keep our home family in your prayers, that they may grow in God's love and become the people God has in mind for each one of them.

*Birthday in the new kitchen and older girls helping*

**Hima** is making very good progress both academically and behaviourally. She is a well-mannered, responsible, helpful, and kind student who consistently demonstrates a positive attitude. She interacts well with others and willingly supports the younger girls, showing care and concern for them.

Academically, Hima is progressing well and remains committed to her studies. In addition to her academic performance, she has developed good practical skills and helps skillfully and responsibly in the kitchen. Her willingness to learn, helpful nature, and sense of responsibility reflect her overall positive development.

We are so glad to see these progress in her who came to us when she lost her mother in a road accident and her father is missing from a long time. This little girl has become a young lady now and making us very proud!

**Girls' Hostel- Empowering the next generation…**

Our seven girls are doing well and working hard in their studies. Martha Tamang is guiding the young ladies with much love and care.

Ruth and Martha BK are in Grade 12 in the Science faculty. Anisha Dahal is teaching at a school and is also in her final year of Journalism studies. Sabina Tamang is in her third year of a Bachelor of Management degree. She has recently completed computer skills classes and is also helping at the charity in the evening.

Anjali is doing well at school. We are impressed by her effort despite her physical disability and the gap in her studies. She has achieved a B+. She is also growing in her newly found Christian faith.

Sapana Pariyar is working hard to get an opportunity to study in Germany. She is learning the language and is hopeful about fulfilling her ambition.

Dipa Tamang helps at our Day Care Centre and is doing her final year at college. She is not fully walking with the Lord yet, but we remain hopeful.

Please keep these precious ones in your prayers.

**Day Care Centre - Educational Pathways…**

We are currently caring for 16 toddlers, as more than a dozen have transferred to primary school over the past few months. This care continues to serve children from destitute and working-class families whose parents need to work every day to put food on the table.

The toddlers are safe and growing holistically through the fun activities and weekly programme at the centre. Our nutritious food is also contributing to their health and well-being. One mother thanked ACC in a program with tears for looking after her 2 years old son which gave her a opportunity to earn for him. Her husband is alcoholic and has abandoned the family.

Please pray that these little ones and their parents will come to know the Lord who is our hope in all circumstances.

**Vocational Training - Train to Gain…**

Eleven people are ready for their graduation in a couple of weeks. This time, we have also been able to provide small business training to encourage them to start their own tailoring shops. This has really opened the eyes of some of them, and we are hopeful about the outcome.

Sadly, our trainer, Panchu, left her job last month, hoping to go abroad for a higher-income job. She was cheated by some fraudsters and has just returned home from India. We are so thankful to God for her safe return.

Many people in Nepal are being cheated in similar ways. Please pray that women will be safe and wise when making such decisions.

If you would like our product for Christmas gift, please let us know.

**Scholarship and School Support Programme- Educational Pathways…**

We are currently supporting 154 students. Among them, 21 needy students are still without specific sponsors. Please keep us in your prayers as we seek new partners.

If you can share about these students with your friends and families, we would be very grateful. Please write to me if this is something you would like to be part of.

*Meetings with parents of sponsored students*

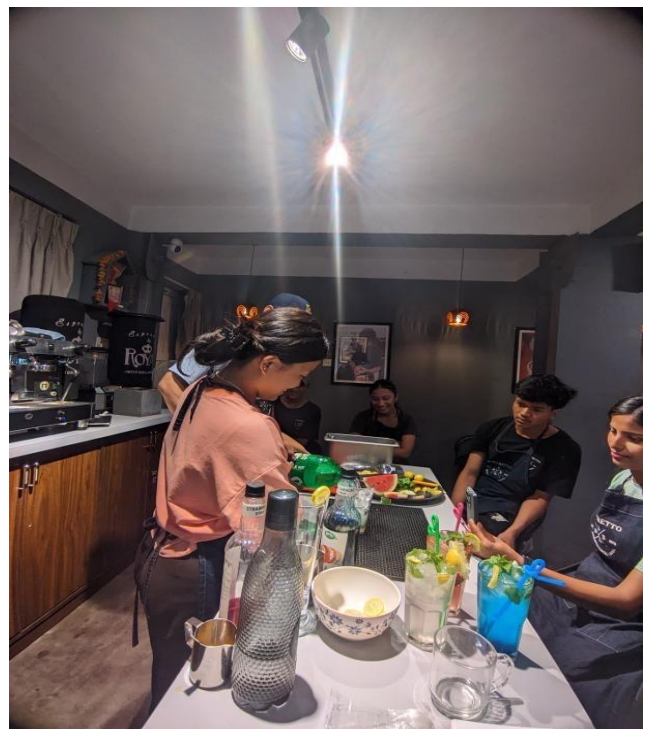

**Micro Business Support- Building Livelihoods, Breaking Poverty…**

Through this project, we have provided around 1,290 loans, bringing hope and encouragement to families. We plan to distribute 150 loans this year.

This is transforming the financial status of many of our borrowers and blessing their families and local churches where they are Christians.

Please pray for our youth who have started small businesses, such as cafés, boutique, beauty parlour and mobile repair shops, that these businesses will be a blessing to them and to their communities.

We have helped 10 young people with various skills development training in past few months. They are looking for opportunities to find jobs, and we are encouraging them to start job-creating businesses. They need our prayers.

*Dipa teaching others in the caffe*

***Dipa has received Barista training from our program and now working aboard with good salary which has uplifted her very poor single mom and herself.***

**Social Audit and Annual General Assembly**

We successfully conducted our Social Audit programme on 2nd September, where our Vice Mayor, the Municipality Head of Sindhupalchok, the local police head, Ward representatives, neighbours, some beneficiaries, and other government delegates were present.

*Vice Mayer giving her speech in our program*

We received very encouraging feedback from the people, and the discussion and presentation about our charity by the Social Auditor went very well. I am personally very pleased with the way people have perceived our work. All glory to God!

Similarly, our Annual General Assembly also went well on 10th September, where we welcomed new committee members for the coming three years.

All of this has been possible because of our Lord's grace and faithfulness to us. Your partnership is a blessing from our Lord. Thank you so much for joining hands with us to help the most needy and vulnerable.

May we see more lives touched by God's love in the days to come. Thank you for reading this far and for keeping us in your prayers.

**Prayer Points**

1. **For the Government of Nepal**
   Pray for wisdom, strength and resources as the government continues the rebuilding and recovery work following the devastating floods.
2. **For the Relief Programme**
   Pray for wisdom, strength and provision as we continue our relief response among families and children affected by the floods. Pray for the upcoming distribution of school bags and educational materials, and for opportunities to bring hope, encouragement and practical support to affected communities. Pray also for God's guidance as we consider longer-term support for vulnerable children and families.
3. **For More Sponsorship Partners**
   Pray for more partners to join us in meeting the growing need for child sponsorship. **Currently, 21 children are on our waiting list**, and we are trusting God to provide sponsors for each of them.
4. **For Aanandit Churches and Charity Ministries**
   Pray for God's protection, provision and guidance over all **23 Aanandit Churches** and our charity ministries. Pray that more people will come to know Jesus and that God will provide the resources needed to plant new churches, disciple believers and serve communities.
5. **For Upcoming Leadership Seminar and Trainings**
   Pray for our forthcoming **Leadership Seminar and various training programmes**, that they will equip and encourage leaders and bring lasting impact in the lives of those who participate.
